

MICORE 300

Lightweight, superior performance for multiple applications around both the home and office.

Micore

MICORE 300

Micore 300 mineral fiber board does it all.

It's a superior substrate for fabric and vinyl-covered wall panels, office dividers and pinboards, and an excellent core for fireplace hearths and other similar applications.

With outstanding resilience, superior machinability, and high density, **Micore 300** board has the best surface hardness of any Micore board.

The board's smooth surface laminates easily with various finish materials such as vinyl, fabrics and steel. It is compatible with most water- or solvent-based adhesives.

Micore 300 mineral fiber board delivers the versatility and performance you need for your next project.

Sizes Available:
2440x1220x12.5mm

APPLICATIONS INCLUDE...

- Partitions
- Office Dividers
- Wall Panels
- Pinboards
- Fireplace Hearths
- Roofing Insulation
- Sound Deadening

Fire Test Results

AS/NZS 1530.3—1999
Simultaneous determination of
Ignitability, flame Propagation,
Heat Release and Smoke Release

Ignition Time: 4.66 min
Flame Propagation Time:: Nil S
Heat release integral: 51.2 kj/m²
Smoke Release, log d: -1.5936
Optical Density, d: 0.0257
